

Dear Peter and Team

I am so sorry for the delay in writing to you. I have now found out that once you have a beautiful kitchen/bathroom/laundry renovation done – everyone wants to visit and see it for themselves.

I can't thank you enough for the wonderful job that you did. From our first meeting, I knew that you were a man that would deliver what you promised – and you did that and more.

I was so pleased to finally meet a kitchen renovation company that actually provided all of the trades themselves. So many I met with told me that I would have to find my own trades, and coordinate them, and this was not something that I really wanted to do.

I was then very pleased to find out that you also did a preliminary choice of all bathroom fittings, which I just had to go view and change if required (I didn't even have to change any in the end – thank you!!)

It was also nice to be advised of where to go choose tiles, and who to speak to once I went there. All of these touches made what could have been a very stressful process very easy indeed.

Your showroom was also fantastic. Again, what could have been a painful process turned out to be a fun hour of looking through your display and making choices of handles, fittings, cupboards etc.

I was dubious about your detailed work schedule, but was then absolutely amazed to see that the schedule was stuck to – to the exact day. To be honest, I didn't expect that to happen. Especially as the renovation budget was also correct.

I also have to say that the team of guys that you have working for you are absolutely fantastic. The ones that I met on site were always so polite and I was amazed to see how clean the house was always kept at the end of the day. I thought that it would be an absolute bomb site, but you and your team were amazing.

Ours was a 7 week job and we were overseas for just over 4 of those weeks. I never thought that I would meet someone that I was happy to hand over my house keys to. But after meeting you Peter I knew that my house would be in good hands. I am pleased to say that it was. I came home to a total transformation.

I am not usually one to gush, but Peter, I cannot thank you and your team enough. You turned my house into something really beautiful. And to make it even better, it was actually a really fun process, and not the total nightmare that I thought it may be.

I cannot recommend you and your team highly enough. If anyone ever wants to talk to me about our experience with Willetton Cabinets, I am more than happy to do so.

Thank you once again for doing such an amazing job.

Kind regards

Petra Fowler and Family
