Dear Peter, Mark, Scott, Travis, Jesse and Helen,

WOW! What can we say. We could not have envisaged such a fantastic result with the renovations you have recently completed for us. From the moment you (Peter and Helen) first came to see us, we felt very comfortable in dealing with Willetton Cabinets. Peter's "anything-is-possible" attitude gave us confidence that we would have a kitchen, bathrooms and laundry that we could be proud of: modern, bright and high spec and very, very different to our late 70's disaster areas. Our kitchen is just sensational and we feel that the choices we have made for benches, tiles, splashback etc. could not be bettered and your cabinetry is sensational.

Peter, your scheduling of the project was perfect, an absolute highlight of the whole operation. Knowing exactly when the various tradespeople would arrive and depart was of great benefit to us. There is no way that we could have arranged electricians, plumbers, tilers, plasterers and installation the way you do and make it work. Brilliant project management.

By the way, the tradespeople who work with you could not have been friendlier or more helpful during their time in our home. We know that some of them have worked with you for years and there is a clear understanding of what is required of them and they deliver. A big thank you to them as well.

Best Wishes to you all for the future. We are going to enjoy our "new home" for many years to come.

Many, Many Thanks,

Mike and Sue Dallwitz
