

PAINO FAMILY BICTON

Dear Peter, Mark and all the staff of Willetton Cabinets,

We love our new kitchen and can't believe what a transformation it's been. We still keep on admiring our new kitchen which has made a big difference to our house. It has made the area look bigger and given us more room.

We felt so comfortable with you not knowing what to expect. Your organization was great with your schedule from demolition to completion and knowing when and who was coming to do the work made us feel at ease. All the trades were fantastic and very friendly.

What a perfect job you have done, very professional and highly recommended.

Thank you

Con and Lucy Paino
